## Introduction

This directory provides a list of MVP Health Care's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

### About Our Doctors and Hospitals

If you are a Preferred Gold HMO-POS, GoldValue HMO-POS, or GoldSecure HMO-POS plan member, you will have to choose one of our network providers to be your Primary Care Physician (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care services from your PCP. If you are an HMO-POS plan member and do not select a PCP, one will be assigned for you. You may change your PCP later if you wish. Gold PPO, BasiCare PPO, WellSelect PPO, and GoldAnywhere PPO members are encouraged to select a PCP, but you are not required to do so. Women may choose an obstetrician/gynecologist in addition to their PCP.

You do not need to call your PCP for a referral or permission to see a specialist, such as a podiatrist, rheumatologist, dermatologist, cardiologist, or specialist in behavioral health services.

"Network providers" have agreed to provide you with your health care services. You may go to any of our network providers. If you have been going to one network provider, you are not required to continue to go to that same provider. Other physicians/providers are available in our network.

In some cases, you may get covered services from non-network providers. Out-of-network/non-contracted providers are under no obligation to treat MVP Health Care members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call the MVP Health Care Customer Care Center or see your Evidence of Coverage for more information, including the cost sharing that applies to out-of-network services.

### Out-of-Network Coverage (Non-Emergency and Non-Urgent Care From a Provider Who Does Not Contract With MVP)

With MVP's Medicare Advantage plans, you are

able to choose doctors anywhere in the U.S. who may or may not have a contract with MVP for services such as allergy shots, physical therapy, or maintenance lab work. You may pay more for care received from providers who do not have a contract with MVP. The amount you pay for your care will depend on whether the provider has a contract with MVP or not. HMO-POS plan out-of-network coverage is subject to an annual maximum benefit amount. Refer to your Evidence of Coverage (your contract) for more information about what you will pay for out-of-network services. Some services may have prior authorization rules that apply to both contracted and non-contracted providers.

If you receive any medical bill from a physician or other health care professional other than for your required co-insurance or co-payment, do not pay it. Contact the MVP Medicare Customer Care Center immediately so that it can be reviewed.

### Emergency and Urgent Care

Emergency room care, post-stabilization services, and urgently needed care are covered worldwide. Renal dialysis is covered throughout the United States.

You should get **emergency care** if you believe that your health is in serious danger and every second counts, with severe pain, a bad injury, a serious illness, or medical condition that is quickly getting much worse. In an emergency, get medical help as quickly as possible. Call 911 for help or go to the nearest emergency room. You do not need to get permission first from your physician or other doctor. Make sure that your PCP knows about your emergency, because he or she will need to be involved in following up on your emergency care. You or someone else should call to tell your PCP about your emergency care as soon as possible, preferably within 48 hours. You receive post-stabilization care until the doctors who are giving you emergency care say that your condition is stable and the medical emergency is over.

**Urgent care** is designed to treat minor illnesses or injuries that need medical attention but are not life-threatening. If you need urgent care, whenever possible you should call your PCP first, or go to an urgent care center. MVP covers urgent and follow-up care that you get from any provider as long as the care you are getting still meets the definition of “urgently needed care.”

## Supplemental Benefits

### Hearing Aid Coverage

MVP Medicare Advantage plans include hearing aid coverage, provided by TruHearing™. Coverage also includes follow-up visits for programming, fitting, and adjustments. To learn more about your coverage or to find a provider near you, call TruHearing at 1-855-542-1710, Monday–Friday, 8 am–8 pm (TTY: 1-800-975-2674).

### Eyewear Coverage

If your plan includes eyewear coverage, you can go to any eyewear provider with a prescription from your doctor for new glasses or contacts. You may have to pay the full cost for your glasses or contacts upfront and submit a form to MVP for reimbursement up to the amount covered by your benefit.

### Dental Coverage

If your plan includes preventive dental coverage, you also have access to the DenteMax network of dentists—you may pay less for services from a DenteMax dentist. Or you can choose to go to any dentist. To find a list of DenteMax dentists, visit [mvphealthcare.com](http://mvphealthcare.com) and select *Medicare Members* or call the MVP Medicare Customer Care Center.

MVP Health Plan, Inc. is an HMO-POS/PPO/MSA organization with a Medicare contract. Enrollment in MVP Health Plan depends on contract renewal. This information is not a complete description of benefits. Contact the plan for more information. Limitations, co-payments, and restrictions may apply. Benefits, premiums, and/or co-payments/co-insurance may change on January 1 of each year. You must continue to pay your Medicare Part B premium. The pharmacy network and/or provider network may change at any time. You will receive notice when necessary. Out-of-network/non-contracted providers are under no obligation to treat MVP Health Care members, except in emergency situations. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.
